New School Year

We started our new school year Monday, August 28. It's always fun to start on a new adventure and a new school year is defiantly a new adventure. Our teachers are excited to get to know the new kids in their classes as well as the parents. Our infant-two's curriculum is called frog street. Our Preschool and Pre-Kindergarten classrooms curriculum is called C4Kids. (connect for kids). It aligns with the state core standards. We love this program. It has a variety of ways to teach the kids with lots of hands on learning!

Back To School Night a Success

We had a super successful back to school night. Each preschool-Kindergarten child was given some school supplies to use at home. We want to thank those who came to back to school night. If you didn't get to come and meet your child's new teacher please take the time to talk with them this week and pick up some information and items from them. Everyone got an all about me page. Please bring it back to the teacher with some family photo's

Center Closed

We will be closed for Labor day on Monday, September 4th. We will open back up on Tuesday the 5th.

Have a great Holiday Weekend!

Fire Drills

Just a reminder that we have monthly fire drills. Sometimes the sound of the alarm scares the children. They may come home and complain about a loud noise that scared them. If they do, know we had a practice!

Fall Fundraiser

We will be having a cookie dough fundraiser starting on Monday, September 25 and ends on Monday, October 9. We have an estimated delivery date of Wednesday, November 9th. We are using this fundraiser to update our playground. We are excited to be able to get some new equipment for outside so the kids will have even more fun on the playground.

Closing Early

We want to remind you that we close early each month on the Second Tuesday. We close at 5:00p.m. This month it happens on September 12. This is for our teacher professional Development.

Shot Records

If your child has had any shots in the last few months please stop by the front desk and update your child immunization record. Our yearly report is coming up and we need all updates recorded.

Thank You

We love having new kids come to our school! The new school year had brought so many new friends and we are so happy you are all here to be part of our school! Welcome to our school family!

HAPPY anniversary

We love our staff here at Children's Classic. We love the dedication they have throughout their years of working here. This month we have one anniversary

Courtney—1 year— September 14th

Parent Teacher Conferences

We will be having Parent Teacher Conferences for all of our classes except kindergarten and school age classrooms. These will happen the week of September 25th. Monday, Sept. 25: Infant and toddlers. Tuesday, Sept. 26: Two's, Wednesday, Sept. 27: Preschool, Thursday, Sept. 28: Pre-k. Watch on the app to sign up to visit with your child's teacher.

Nutrition Corner

Here is a fun fall recipe to make with your family.

nubites
nutrition tips for today's families

fall fruit & yogurt bowl

Top vanilla yogurt with fruit that is in season at the farmers' market!

Your child can help in the kitchen:

- scoop yogurt into the bowl
- add fruit to the bowl
- sprinkle the granola

granola,
diced apple
and watermelon

TEACHER OF THE MONTH

NATALIE CORTES

Natalie is our spotlight of the month. She was chosen because she is always willing to help out when we need her to. If we need her to stay late she cheerfully stays later to cover for another teacher. She is always positive when we have to make sudden changes in our days. She always helps make a hard day better and she loves all the kids in her class.

STEM Projects FOR September

Week 1

Have you ever noticed that apples turn brown if you don't eat them right away? Why is that? The kids will learn what happens to apples when they are exposed to oxygen.

Week 2

We learned from last week that oxygen turns apples brown. Hmmm— What could we do to keep that from happening? The kids will experiment with different types of liquids to see.

Week 3

It's apple season. We see lots of apples this time of year. Let's see what kind of creations we can make with apples and toothpicks

Week 4

We will read a funny book called, "10 apples up on top" In the book the characters stack apples up on their heads. Apples probably wouldn't stay on top of our heads. Maybe we can stack them another way.
