Monthly Memo

February is the month of love, and at DKZ Children's Classic, we see love in so many forms—through the kindness of friends, the joy of learning, and the special bonds between teachers, children, and families. Love isn't just about big gestures; it's in the little moments—like a helping hand, a cheerful smile, or a word of encouragement. This month, we encourage you to celebrate love in all its forms with your little ones!

As we continue to nurture each child's growth, we also want to partner with you in their learning journey. Parent-Teacher Conferences are coming up soon! This is a wonderful opportunity to connect with your child's teacher, discuss their progress, and set goals for the months ahead. Be sure to sign up to reserve your time slot!

Thank you for being part of our DKZ family. We appreciate you and the love you bring to our community every day!

Employee Spotlight

Ms. Julie has been teaching our infants for 6 years. She is known by everyone as the kindest soul, you'll meet. She bonds well with every baby that comes into her care, and even as they age into pre-k and beyond she's always giving a hug to one of her former babies. We are so thankful for you

Ms. Julie!

Core Value

Kindness!

Kindness benefits children's mental, physical, social, and emotional health. Teaching your preschoolers to be kind can make your classroom more inclusive and promote positive behaviors that help children avoid conflicts and feel accepted by their peers.

When children perform acts of kindness for others, this helps them form social connections and focus on other people's needs, which can help to increase children's sense of well-being.
